

Creative Teacher's handbook

KRZYSZTOF T. PIOTROWSKI, PHD

A psychologist at the Jagiellonian University Teacher Training Centre. He teaches psychology in preparatory courses for teaching professions at the Music Academy. His research focuses on attention and working memory. He is also interested in the psychology and education of creativity. He consistently collaborates with the Center of Creative Education „Kangur” in Krakow. Krzysztof T. Piotrowski is the author of publications on memory, attention, implicit learning, and creative skills. He has also developed several original techniques to support creative thinking. He has been conducting workshops on creative thinking and problem-solving for over twenty five years.

WITOLD LIGĘZA (PHD)

Is an employee of the UKEN Institute of Psychology in Cracow. In his research and psychological practice, he deals with developmental psychology and psychology of creativity. He is a co-founder of the Center for Creative Education „Kangaroo” in Cracow, Kangaroo Kindergartens and Kangaroo School, and co-author of the educational series „Thinkilines”.
