

PIOSENKA DLA RODZICÓW

THE SONG FOR PARENTS

1. Mother is a big 'Name''

A big and precious

She loved tightly

She gave herself to me

Although Her hands were overworking

They always hugged me to Her heart

She brought me up

She always had an open heart

CHORUS:

I love You, My Parents

Life is how it is, I know

It wasn't always as You wanted

I didn't always bring You enjoyment

Today I also want to apologize You

Carry in my heart with love

Today I want to thank You

And say how much I love You

2. Father, You were there for me

Supported me the best as You could

Thank You for Your big heart

For smile and Your strong support

You were during my difficult moments

You were when I was sad

Every day You watched over me

You looked after me like an angel
